1.Important information and safety cautions

1. Please read the instructions carefully before using and keep it for future reference.

2. Installing the device on stable place in case of falling and injuries, especially for children. When mounting the device on a wall, be sure to install the product according to the method recommended by the manufacturer. This is a safety issue.

3. Keep the product away from high temperature and humidity environment.

4. Regular cleaning can prolong the service life of the machine. Before cleaning, be sure to turn off the power and unplug the power cord.

5. The way to keep the screen clean and effective is to add a small amount of softener or cleaner in warm water, wet it with a soft cloth, wring it out and wipe it with it. If there is extra water on the screen, make sure it air drying before you open the machine.

6. To remove dirt or dust from the machine case, wipe with soft, dry, flannelette. Be sure not to use wet cloth.

7. If you want your machine to rest for a period of time, it is best to unplug the power to prevent any damage caused by lightning or radio waves.

8. Do not use attachments which are not recommended by the manufacturer. Use of improper attachments can result in accidents.
If machine need to repair, make sure the replacement the same characteristics and performance as the original parts. Use of unauthorized parts can result in fire, electric shock or other danger.

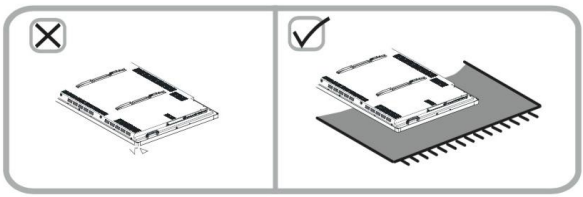
9. When damage requiring service, just unplug the power cord from the AC outlet. Do not open the machine arbitrarily. If you have any questions, please contact the relevant customer service personnel or maintenance personnel.

2.How to install

2.1 How to install wall mounted stand

Step1

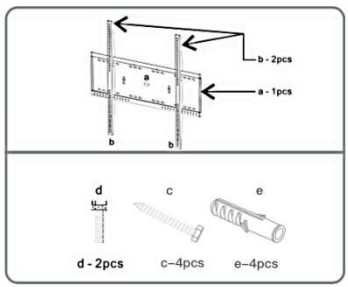
Please put the equipment on flat surface(down the screen), between the equipment and the mesa, there should be a soft object space (e.g. rubber pad, cotton, foam, etc.) in order to avoid the equipment surface to be bruised as shown in the figure below:



Step2

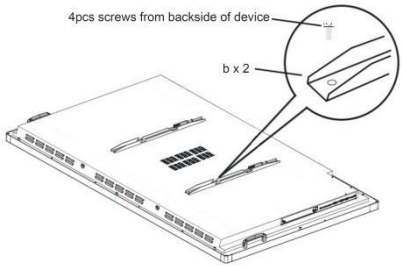
Please check the assembling accessories before installing. Different model and size different accessories. The picture is for reference only, the specific kind prevail. Please refer to following pictures to installing.

Part Name	Qty	Code
Hanging plate	1	a
Hanging arm	2	b
7*52 Screws	4	c
10*80 Screws	2	d
10mm Expansion rubber plug	4	e



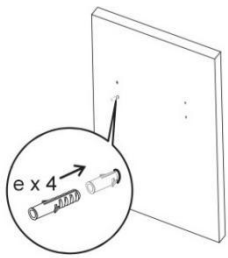
Step 3

Take out 4pcs screws from inside the backside of device, add 2pcs hanging arm **b** on the relevant place, turn 4pcs screws tightly to fasten **b**. Then put the 2pcs screws **d** into the associated location, no fixed temporarily.



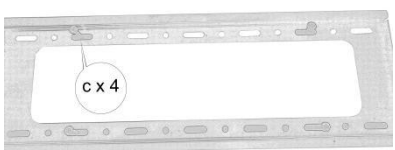
Step 4

Advising to choose solid wall or concrete wall, use hanging plate a to adjust the reached height, confirming 4 holes, it is recommended to use 10 mm drill bit punch, hole depth is greater than the sum of inflation rubber plug length plus the wall surface coating thickness. Put 4pcs **e** into holes completely by hammering. If it is not tighten, need to replace the right drill bit. As shown below:



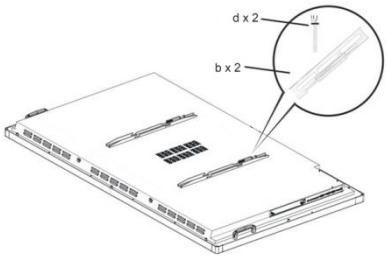
Step 5

Turning 4pcs screws **c** into 4pcs **e** to fasten **a** by screwdriver. As shown below:



Step 6

Place the device horizontally and vertically by hanging arm on the wall panel. Adjusting the device in the middle of hanging plate **a**. Finally turn the 2pcs screws **d** to fix the device.

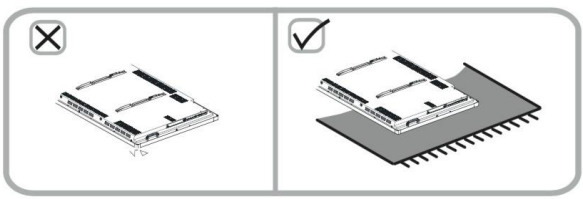


2.2 How to install floor stand (optional)

32-60 inch advise to use small floor stand. 65-98inch advise to use big floor stand.

Step1

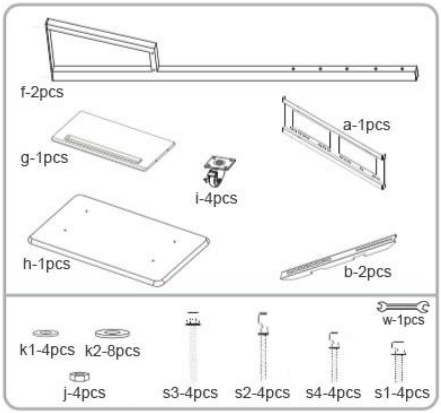
Please put the equipment on flat surface(down the screen), between the equipment and the mesa, there should be a soft object space (e.g. rubber pad, cotton, foam, etc.) in order to avoid the equipment surface to be bruised as shown in the figure below:



Step 2:

Please check the assembling accessories before installing. Different model and size different accessories. The picture is for reference only, the specific kind prevail. Please refer to following pictures to installing.

Part Name	Qty	Code
Hanging plate	1	a
Hanging arm	2	b
Holder	2	f
Middle plate	1	g
Base plate	1	h
Wheels	4	i
M8 Nut	4	j
Spacer	4	k1
M6 Spacer	8	k2
M8*30 Screw	4	s1
M6*50 Screw	4	s2
M8*60 Screw	4	s3
M6*40 Screw	2	s4
Wrench	1	w



Step 3:

Take out 4pcs screws from inside the backside of device, add 2pcs hanging arm **b** on the relevant place, turn 4pcs screws tightly to fasten **b**. In order to ensure the stability and safety of the equipment, it is forbidden to hang the equipment upside down. If this step already done, please ignore.

Step 4:

Assembling 4pcs wheels **i** into base plate **h** by only turning.

Step 5:

Connecting 2pcs holders **f** and base plate **h** by turning 4pcs **s1-k2**, no fixed temporarily. (In order to better assemble middle plate and hanging plate)

Step 6:

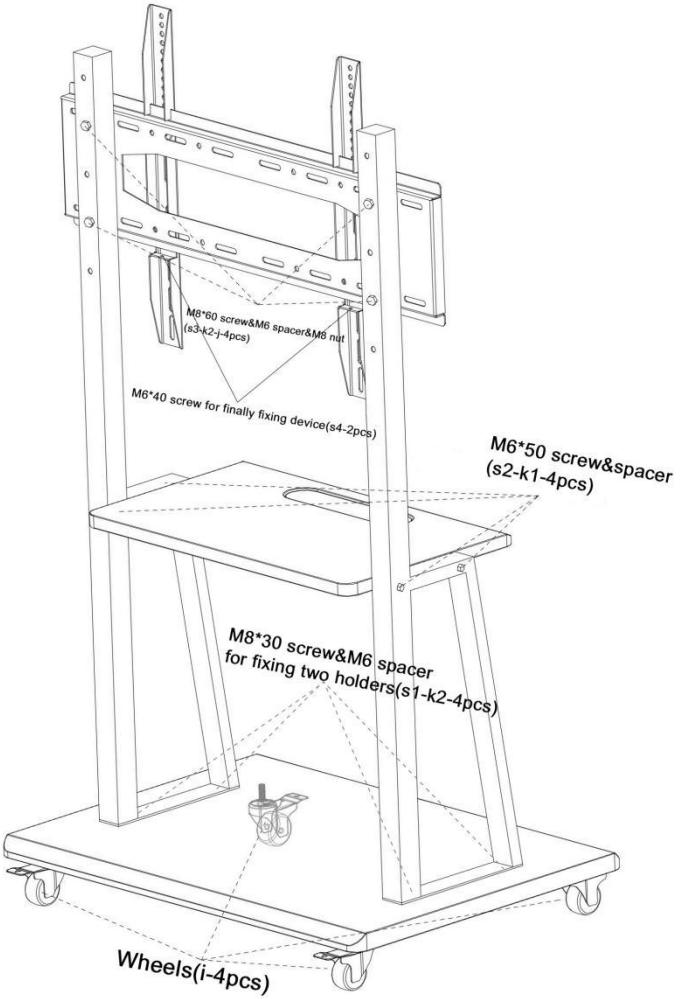
Fasten middle plate **g** and 2pcs holders **f** by turning 4pcs **s2-k1**, then fasten hanging plate **a** and 2pcs holders **f** by turning 4pcs **s3-k2-j**

Step 7:

Fasten 4pcs screws **s1-k2** under the base plate by wrench

Step 8:

Place the device horizontally and vertically by hanging arm on the wall panel. Adjusting the device in the middle of hanging plate **a**. Finally turn the 2pcs screws **s4** to fix the device.



M8*60 screw&M6 spacer&M8 nut
(s3-k2-j-4pcs)
M6*40 screw for finally fixing device(s4-2pcs)
M6*50 screw&spacer
(s2-k1-4pcs)
M8*30 screw&M6 spacer
for fixing two holders(s1-k2-4pcs)
Wheels(i-4pcs)

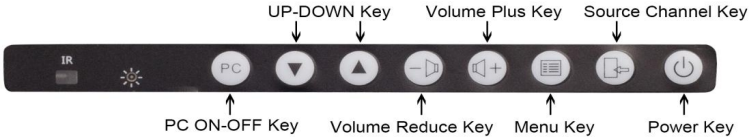
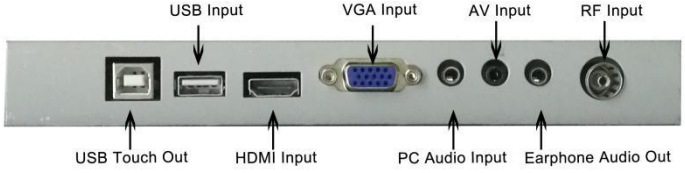
3.Ports and keys instructions

1. Size: ＜65inch (include 65inch type A)
   Type: A
   Operation system: Windows (Single O/S)

1.1 Introduction of front keys



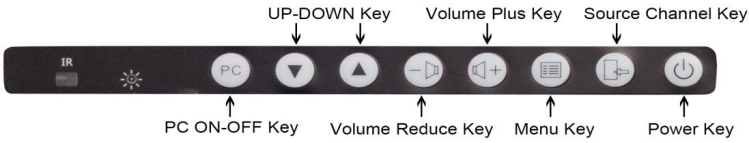
1.2 Introduction of right ports



1.3 Introduction of OPS port (Take Intel i5 as an example, the picture is for reference only, the specific kind prevail)

2. Size: ＞65inch (include 65inch type B)
   Type: B
   Operation system: Windows+Android (Dual O/S)

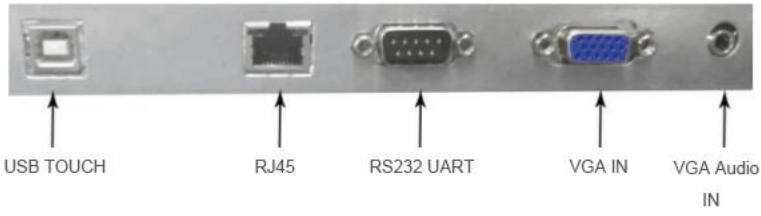
2.1 Introduction of front keys and ports

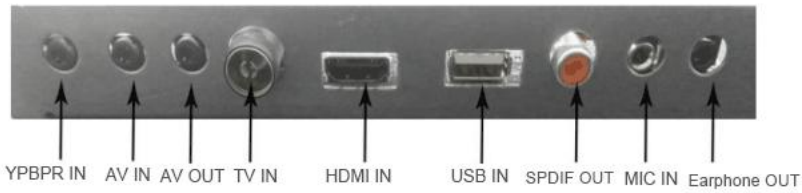


Source channel introduction
① TV Channel mainly for watching TV (need to connect STB or Antenna)
② VGA is for connecting external device (VGA cable connect)
③ OPS is for turning on built-in computer
④ HDMI is for connecting external device (HDMI cable connect)
⑤ AV is for playing audio video
⑥ YPBPR is for component Input

2.2 Introduction of OPS port (Take Intel i5 as an example, the picture is for reference only, the specific kind prevail)

2.3 Introduction of Android system ports (Android system is optional, take TVE.MSD638 for an example, the picture is for reference only, the specific kind prevail)





4.Remote control function introduction

4.1 Please install battery properly before using the remote control. It mainly used in TV system or adjust

display parameter(press menu key). This device can be operated from a distance by remote control.

4.2 Remote control Type

5.Quick use guide

5.1 Free accessories list

If any items missed or damaged, please contact your customer service immediately.

CONTENTS:

No.	Part Name	Qty
1	Wall mounted stand	1set
2	Screws	1bag
3	Antenna	2pcs
4	Remote control	1pcs
5	Writing pen	1pcs
6	User manual	1pcs
7	HDMI(optional)	1pcs
8	Floor stand(optional)	1pcs
9	Floor stand quick installing guide(optional)	1pcs

5.2 How to turn on-off device
